Questions and Answers

Q/As for questions received to date:

- 1) Item #2: for the required Windows 10, can we provide Windows 11?

A: Windows 11 is acceptable.

- 2) Item #6: Please define the required SSD and HDD volumes, as for the moment they are not clearly defined.

A: Regarding SSD capacity, the recipient said it is important for computers with i7 processor to have 1 terabyte capacity; and for computers with i5 and i3 processor the offeror can provide highest capacity of SSD that they think would work for i3 and i5 processors.
